

# Greeters

A faint, light-colored silhouette of two people shaking hands is centered in the background of the page. The person on the left is slightly taller and has their right arm extended towards the other person. The person on the right is shorter and has their left arm extended towards the first person. The background is white, and the silhouettes are a light gray color.

**The Greeters ministry is designed to acknowledge and welcome incomers with warmth and hospitality. It is very important that Greeters demonstrate Christ-like love with a sincere, friendly smile. Such persons must demonstrate the fruit of the Spirit in the way they greet visitors and members. “Our first impression is a lasting impression.”**

*Use hospitality one to another without grudging. As every man has received the gift, even so minister the same one to another as a good steward of the grace of God.” (1 Peter 4:9-10)*
