

Birthing Ministry

Word of Life's Birthing Ministry is designed to assist women in overcoming the labor pains of frustration, discouragement and other obstacles which prevent them from delivering the ministry which God himself has impregnated each women with in order to full fill his purpose.

Co-Pastor Natalia Perry acts as a midwife coaching women to give birth to the gifts that lie dormant within them. The midwife will assist in this process by praying for the perfect alignment of power, passage and position in each birth.
